

Lake Forest Park Presbyterian Church
General Sunday Driving Schedule - Shuttle Bus
Winter 2010

Generally

The shuttle van service is provided as a service and convenience to service goers and to help reduce the parking congestion at the church.

Generally, the shuttle runs on Sundays between the Church and the front parking lot at Brookside Elementary School. As needed, the shuttle may also pick up and deliver at the back parking lot at Brookside.

The van is also used for trips to the airport for mission trips or for youth group events, but these special events usually require special coordination.

Choir members have been asked to park in the back Brookside lot whenever possible when the choir is singing at service.

Under normal circumstances, be sure to place the sandwich boards announcing the availability of the shuttle bus in conspicuous locations. Typically place them, one in the parking lot near the office door entrance, and one near the Brookside avenue entrance to the Church parking lot. The boards should be stored on the van in the rear storage area.
